TEASEREXT. CITY STREET - NIGHT

Kevin's car moves down the city street at night, headlights lit. The street is pretty empty. The buildings are all closed and there is no pedestrian traffic.

Inside the Car BEN, GWEN, and KEVIN sit. Kevin drives.

KEVIN

...So, I said to him, that's nacho taco!
(laugh react)

Gwen and Ben shoot each other annoyed looks.

GWEN

Real mature, Kevin.

Close on Kevin, confused.

KEVIN

What?

Outside the car, a massive ball of light explodes in front of the vehicle.

Inside the car, we see the ball of light blindingly through the windshield. Ben, Kevin and Gwen shield their eyes.

GWEN

(surprised, slightly pained react)

Kevin slams on the brakes.

KEVIN

Whoa!

The car spins on a 90-degree angle, screeching to a halt in front of the ball of light.

Ben, Kevin, and Gwen get out of the car.

The Ball of Light slowly fades to reveal a medium-sized METALLIC CUBE. In the center of the cube is a glowing green sphere.

GWEN

What is it?

Close on Ben, slowly approaching the Cube.

BEN
I don't know. Kevin?

Kevin steps up behind Ben staring at the cube in a bit of wonder.

KEVIN
I don't know.

Ben and Gwen look at Kevin in surprise at his admission of not knowing.

KEVIN (STAMMERING)
I mean...uh...I don't recognize it. It's
not like any alien tech I've seen
before.

Ben steps up to the cube, reaching out his hand to touch it.

Close on Ben's hand slowly approaching the Cube.

GWEN (OFF SCREEN)
Careful, Ben!

KEVIN
Yeah. We don't want to scrape your
greasy leftovers off the pavement.

Close on Ben a little annoyed with his friends, about to touch the Cube.

BEN
I'll be fine!

Ben touches the Cube.

The light glowing sphere inside the cube shines brightly, but not as brightly as the initial light had.

The Cube itself shakes and bounces around on the ground.

Ben, Gwen, and Kevin take a couple of steps backwards, a little surprised by the cube's sudden movements.

Close on the Cube as it bounces and rattles and shakes.

The Cube opens, and like a Transformer, in a clunky, loud, mechanical way, reforms itself.

The transformation is complex, with no apparent shape or form immediately discernable. Pieces of metal move back and forth, around the glowing green sphere at the center of the cube.

Slowly, and still clunky, the transformation begins to take shape: a human, Ben sized.

Ben, Gwen, and Kevin look surprised.

BEN, GWEN, KEVIN
(surprise reacts)

The Cube has finished its transformation. Standing in its place is a metallic, robotic version of Ben.

He has rivets holding him together. His torso is green and black, representing Ben's jacket and t-shirt. It is like a cheap metal statue of Ben that has been riveted together, and painted to look like him. It even has metal hair sculpted to look like Ben's. It also has a sculpted, non-functioning Omnitrix on its left arm. In the center of its torso the glowing sphere glows faintly. The robot's mouth and eyes do not move. They are open.

As it speaks, the Robot sounds like the person it is imitating, but with a metallic tone. The Robot's mouth flashes as it speaks.

ROBOT-BEN
I'll be fine.

Ben, Gwen, and Kevin are shocked.

Close on the Robot-Ben.

OFF THE STRANGE CREATURE.

ACT ONE**FADE IN:****EXT.CITY STREET - NIGHT - RESUME**

Close on Robot-Ben, standing still at the end of the street.

Ben, Gwen, and Kevin look on in amazement.

BEN

Whoa.

Ben steps face-to-face with the Robot-Ben.

ROBOT-BEN

Whoa.

Ben and the Robot-Ben are face-to-face. It's almost like no one else is around.

BEN

What are you? Where did you come from?

ROBOT-BEN

What are you? Where did you come from?

Ben looks back at Gwen and Kevin.

BEN

I don't sound like that!

Kevin and Gwen smirk.

Robot-Ben takes a step closer to Ben. He addresses Kevin and Gwen as Ben just did.

ROBOT-BEN

I don't sound like that!

Kevin, laughing, steps closer to the Robot-Ben and Ben.

KEVIN

(laugh react) Yeah you do.

Kevin stands next to Ben examining Robot-Ben.

KEVIN

I bet people would throw down some serious cash for a robot version of themselves.

Robot-Ben looks at Kevin, and begins another clunky, metal-moving TRANSFORMATION. As before, the transformation is not fluid in anyway. It is cumbersome and awkward. The glowing sphere/heart in the center continues to shine throughout the transformation.

The Robot completes its latest transformation. It is now a riveted, robot version of Kevin, again with the clothing seemingly painted on, lots of rivets, sculpted hair, etc.

KEVIN

Check it out. Thing turned into the best looking one of us.

Kevin admires Robot-Kevin.

ROBOT-KEVIN

Check it out. Thing turned into the best looking one of us.

Kevin moves to stand side-by-side next to the Robot-Kevin.

KEVIN

It's got good taste.

ROBOT-KEVIN

It's got good taste.

Kevin walks toward Ben and Gwen.

KEVIN

What do you say we load this handsome devil into the car, and get on with our night?

Robot-Kevin follows behind Kevin, walking a little awkwardly, almost Frankenstein-ish as it moves.

ROBOT-KEVIN

What do you say we load this handsome devil into the car and get on with our night?

Kevin turns back to face the Robot-Kevin.

KEVIN

That's getting a little annoying.

Robot-Kevin stares at Kevin eye-to-eye.

ROBOT-KEVIN

That's getting a little annoying.

Kevin moves closer to the Robot-Kevin, almost touching chests.

KEVIN

Knock it off!

ROBOT-KEVIN

Knock it off!

Kevin puts his hand over the Robot-Kevin's mouth.

KEVIN

Shut up!

Robot-Kevin moves its hand with great speed and force to Kevin's mouth. The Robot-Kevin unintentionally shoves Kevin hard in the face.

Kevin is sent flying backwards, landing on the ground, hard.

KEVIN

(impact react)

ROBOT-KEVIN

Shut up.

Kevin pulls himself up from the ground slowly. He is a little embarrassed by the attack.

Robot-Kevin transforms (in its clunky fashion) back into Robot-Ben.

Ben looks over at Kevin standing up from the ground, a little wounded, and then back at the Robot-Ben.

BEN

It's hero time!

Ben slaps the Omnitrix, and TRANSFORMS in Humungousaur.

HUMUNGOUSAUR/BEN

Humungousaur!

Humungousaur runs toward Robot-Ben.

Robot-Ben slaps its metal wrist, imitating the Omnitrix, and in its clunky way transforms into a robotic version of Humungousaur - MECHAHUMUNGOUSAUR.

MECHA-HUMUNGOUSAUR
It's hero time!

Mecha-Humungousaur and Humungousaur collide in a fistfight reminiscent of an old Godzilla movie. The two large creatures wrestle each other, neither getting the upper hand.

HUMUNGOUSAUR/BEN
(exert react)

MECHA-HUMUNGOUSAUR
(exert react imitation)

Humungousaur lands a couple of good punches on the robot, sending a couple of small chunks of metal falling to the ground.

Mecha-Humungousaur reaches around to Humungousaur's underarm, and with a Judo-like flip, throws Humungousaur down the street.

Humungousaur flies past Kevin and Gwen who look up at him as he sails past them. Humungousaur hits the ground hard, leaving a small crater in the road.

HUMUNGOUSAUR/BEN
(impact react)

KEVIN
Oh, that's it!

Kevin transforms his arm into a LARGE MALLET. He starts running toward Mecha-Humungousaur. Mecha-Humungousaur has his back to Kevin.

Kevin charges toward Mecha-Humungousaur. Mecha-Humungousaur turns around to see Kevin running toward him.

Kevin jumps into the air toward Mecha-Humungousaur. Kevin has his mallet arm raised to strike.

KEVIN
(attack react)

With great force and intensity, Kevin SMASHES his mallet arm into Mecha-Humungousaur.

The impact of Kevin's blow is great. Mecha-Humungousaur is smashed into a million pieces. There is a lot of metal rubble scattered through out the street. Kevin stands in the middle of it. The glowing sphere/heart of the robot is in the midst of the rubble, still glowing, undamaged.

KEVIN

How do you like that? Guess they don't make annoying, imitator robots like they used to.

As Kevin speaks, the glowing heart/sphere shines brighter. The pieces of metal stir on the ground, and suddenly fly together.

Kevin dodges some of the flying pieces of metal, swatting at them as they pass.

KEVIN

Ow! Hey!

Kevin turns to see ROBOT-KEVIN, now with a mallet arm, standing right behind him.

KEVIN

Oh no!

Robot-Kevin swings the mallet arm at Kevin. Kevin dives out of the way, rolling on the ground to avoid the mallet.

KEVIN

(effort react)

Ben watches Kevin scramble away from Robot-Kevin on the ground, and slaps the Omnitrix again. Ben TRANSFORMS in to SPIDERMONKEY.

SPIDERMONKEY/BEN

Spidermonkey!

Spidermonkey/Ben scrambles toward Robot-Kevin.

SPIDERMONKEY/BEN

Back off!

Spidermonkey/Ben blasts a web at Robot-Kevin. The web envelops Robot-Kevin, knocking the robot to the ground and sticking him there.

Close on the web. Through the web we see Robot-Kevin transform in its clunky way into Robot-Spidermonkey. With a karate chop-like movement, Robot-Spidermonkey cuts through the web, and stands up.

Standing, Robot-Spidermonkey shoots a "web" of its own at Spidermonkey/Ben. This web, though, is metal, like a chain-link fence.

The flying fence/web slams into Spidermonkey/Ben, knocking him to the ground. He is pinned under the fencing.

SPIDERMONKEY/BEN
(impact react)

Spidermonkey/Ben transforms into Ben, and kicks the fence off himself. Ben stands to see:

Gwen holds her stance not far from Ben. She throws energy discs at Robot-Spidermonkey.

GWEN
(effort react)

As the energy discs hit Robot-Spidermonkey, it does another clunky transformation, this time into Robot-Gwen.

Ben and Kevin stand behind Gwen, poised to strike, aggressive.

Robot-Gwen throws metal discs, the same size and shape as Gwen's energy discs, toward Kevin, Gwen, and Ben.

Gwen deflects the metal discs, protecting herself and her friends, using a small energy shield.

An errant metal disc, thrown directly from Robot-Gwen, hits Kevin's car door, denting it.

KEVIN
Oh, it's on, now!

Kevin moves to attack, but Gwen puts her arm up in front of him to stop him.

GWEN
Kevin, wait.

Kevin stops, irritated.

KEVIN
What do you mean, wait? That thing
banged up my car!

BEN
What hasn't banged up your car?

Gwen faces Ben and Kevin.

GWEN
Stop it, you guys. Don't you see.

Gwen motions to Robot-Gwen, who is standing still at the end of the street.

GWEN
It's copying what we do. We showed it
we wanted to fight, so it copied us.
We need to do something different.

Gwen walks slowly towards Robot-Gwen.

GWEN
We don't know who or what you are, but
we don't mean any harm. Come here.
Meditate with me.

Robot-Gwen walks slowly toward Gwen.

ROBOT-GWEN
Come meditate with me.

Gwen sits in her meditation pose on the street. Robot-Gwen awkwardly, clunky sits in the same pose on the street.

It is peaceful on the street. Quiet.

Kevin and Ben walk slowly towards Gwen and Robot-Gwen meditating.

BEN
Listen. I'm sorry about attacking you
before. Just stay calm.

The Robot-Gwen transforms again in its clunky movements into Robot-Ben. Robot-Ben stands next to meditating Gwen, and faces Ben and Kevin.

ROBOT-BEN
Just stay calm.

Ben and Kevin both breathe a sigh of relief.

BEN AND KEVIN
(sigh of relief react)

In the distance, we hear an engine roaring from the sky. Gwen breaks her meditation. Ben and Kevin look upwards.

BEN
What's that?

Close on Kevin looking toward the source of the noise.

KEVIN
Sounds like a...

Kevin is interrupted as the familiar VREEDLE BROTHERS SPACESHIP lands loudly on the street directly in front of Ben, Gwen, Kevin, and Robot-Ben.

KEVIN (CONTINUING)
...spaceship.

Close on Ben, irritated and a little concerned.

BEN
The Vreedle Brothers.

The doors on the spaceship opens, and out walk OCTAGON VREEDLE and RHOMBOID VREEDLE.

The Vreedle Brothers reach the back of their pickup truck-like spaceship, and stand side-by-side facing down Ben, Gwen, Kevin, and Robot-Ben.

Octagon Vreedle raises a blaster and points it at the kids and robot.

OCTAGON VREEDLE
You've got something that belongs to
us.

Off the Vreedles' threat.

ACT TWO

FADE IN:

EXT. CITY STREET - NIGHT -- RESUME

The Vreedle Brothers hold their blaster on Ben, Gwen, and Kevin.
The Robot stands near the kids.

ROBOT
Just stay calm.

Close on the Vreedles, excited.

RHOMBOID
There it is! She-oot! We's gonna get
riiiich!

Close on the kids, confused.

BEN
You know what this thing is?

Octagon Vreedle moves close to the Robot examining it.

OCTAGON
This here's the fabled Naljian
Destructor. A weapon of gargantuan
proportions.

RHOMBOID
And it's worth a lot of money, too!

Octagon shoots his brother an irritated look.

KEVIN
Told ya.

Octagon returns holding the blaster on the kids.

OCTAGON
We've been searching for this thing for
eons.

Close on Ben.

BEN
Let me guess, someone hired you to
repossess it for them.

The Vreedles look at each other and laugh.

OCTAGON

(laugh react) Shoot no! We tracked the miniscule radiation its power source was giving off, and followed it here.

RHOMBOID

We came to take it! We're goin' to auction it off to the highest bidder! A weapon like should make us...lots...

OCTAGON

Shhhh! Don't tell 'em everything!

Ben, Gwen, and Kevin glance at each other concerned.

The Vreedle Brothers move toward the Robot standing off by itself.

As the Vreedle Brothers get near the Robot, a fireball explodes in the street in front of them.

VREEDLE BROTHERS

(surprised react)

The Vreedles look across the way to see Ben as Swampfire.

SWAMPFIRE

We can't let you take it. It's too dangerous!

Octagon Vreedle fires a shot of energy from his Blaster at Ben.

OCTAGON

Oh, we're takin' it!

Swampfire/Ben dodges the blast, which instead hits a fire hydrant, exploding it and sending a geyser into the air.

SWAMPFIRE

(effort react)

The Robot Watches the battle, and TRANSFORMS in its now-familiar clunky fashion into Robot-Swampfire.

Swapfire shoots a barrage of fireballs at the Vreedles, who dodge them.

VREEDLE BROTHERS
(effort reacts)

ROBOT-SWAMPFIRE lumbers toward Swampfire/Ben, and shoots a series of METAL BALLS at Swampfire (i.e. metal versions of the fireballs...)

SWAMPFIRE
Hey! Knock it off! I'm trying to
protect you!

Swampfire gets nailed by one of the metal balls, and falls to the ground.

SWAMPFIRE
(impact react)

The Vreedles see Swampfire get hit, and do a little square dance arm in arm with each other.

OCTAGON
Yeeeeee whooooo! The thing's on our
side!

Robot-Swampfire looks over at the Vreedles, noticing them for the first time.

ROBOT-SWAMPFIRE
Yeeeeee whooooo.

The Robot TRANSFORMS in its clunky way into a mixture of both Vreedle Brothers and Ben.

Robot-Vreedles-Ben shoots metal balls at Kevin and Gwen.

KEVIN
(impact react)

Gwen deflects the metal balls with her energy. She fires off several energy discs in retaliation.

GWEN
(effort react)

Kevin charges toward the Robot, with his hand a mallet again.

KEVIN
I'm putting an end to this!

The Robot-Vreedles-Ben changes its arm into a mallet, too.

As Kevin nears the Robot, however, he is hit with a shot from the Vreedles' blaster, sending him backwards.

KEVIN
(hard impact react)

Gwen and Swampfire stand near each other not far from the Robot-Vreedles-Ben and the Vreedles themselves. Gwen shoots energy discs at the Vreedles while Swampfire shoots fire at the Robot.

The Vreedles dodge the energy discs.

VREEDLE BROTHERS
(effort reacts)

The fire is having no effect on the Robot, which walks slowly toward the Vreedle Brothers.

RHOMBOID
Keep comin'! That's right, come to your
Uncle Boid!

The Robot-Vreedle-Ben stands behind the Vreedles.

Octagon and Rhomboid walk backwards toward their ship, blasting their blaster at the kids.

VREEDLE BROTHERS
(effort reacts)

The Robot-Vreedle-Ben walks backwards behind the Vreedles, imitating them. The Robot also blasts metal balls.

Swampfire transforms into Ben.

BEN
They're getting away!

Ben and Kevin run towards the Vreedles spaceship, but are too late.

The Vreedles and the Robot-Vreedles-Ben get into the ship and rapidly close its doors.

Kevin, Ben, and Gwen watch as the Vreedles' spaceship takes off into space at an extreme speed, and very loudly.

KEVIN

I can't believe they beat us!

BEN

At least we don't have to worry about that robot anymore.

CUT TO:

INT. MR. SMOOTHIES - DAY

Ben, Gwen, and Kevin sit in a booth at Mr. Smoothies. They all look a little down, and are each drinking a smoothie.

GWEN

Do you think that robot really was a mythical weapon?

Close on Kevin, particularly dejected.

KEVIN

All I know is we had them, and they still got away with some valuable tech!

Ben slurps his smoothie.

BEN

I'm just glad they took the robot. The way it imitated me creeped me out.

KEVIN

You always creep me out.

Ben, Gwen, and Kevin turn their attention outside the window. They hear a loud, familiar roaring sound.

The Vreedles' spaceship lands in roar in the Mr. Smoothies parking lot.

BEN

Oh no.

Ben, Gwen, and Kevin jump from their booth, and race outside to the parking.

BEN

Let's go.

EXT. MR. SMOOTHIES PARKING LOT - CONTINUOUS

Ben, Gwen, and Kevin race out of Mr. Smoothies into the parking lot.

GWEN
Something's not right.

BEN
It's too soon for them to be back.

The doors on the spaceship open, and the Vreedle brothers jump out.

OCTAGON (RAMBLING)
It was a mistake. We shouldn'ta...The money's not worth this!

RHOMBOID (RAMBLING)
It's not my fault. It's all the Robot's fault. Yeah...yeah...the Robot's fault.

Ben, Gwen, and Kevin stare at the Vreedles in confusion.

BEN
I'm sort of afraid to ask this, but what happened?

The Vreedles look at each other.

OCTAGON
We, um, blew up another ship and the Robot kinda took it wrong.

Close on Gwen.

GWEN
What do you mean "took it wrong"?

As Gwen asks her question, the Robot, as MechaHumungousaur with large cannons for hands, walks down from the ship.

RHOMBOID
He, uh, kinda, sorta learned to, uh, destroy things.

MechaHumungousaur fires off one of his cannons at the Mr. Smoothie building.

The Mr. Smoothie building is destroyed in a massive explosion.

The Vreedle Brothers run back to their ship.

OCTAGON

We don't want it, anymore! It's your
problem, now!

The Vreedle Brothers jump into their ship.

The ship lets out a massive roar, and takes off, skyward.

The robot Mechahumungousaur turns to face the source of the
roaring noise.

The Vreedles' ship doesn't get very high off the ground as
Mechahumungousuar fires off another blast from its cannon at the
ship.

The Vreedles ship is blown up in a fiery explosion.

ROBOT-MECHAUMUNGOSAUR

Just stay calm.

Ben, Gwen, and Kevin are horrified.

OFF THE KIDS' HORROR.

FADE TO BLACK

END OF ACT TWO

ACT THREE

Fade In

EXT. MR. SMOOTHIES PARKING LOT - RESUME

The MechaHumungousaur clunkily transforms into an amalgamation of all the people and aliens it's encountered thus far - Ben, Gwen, Kevin, Humungousaur, Swampfire, Spidermonkey, the Vreedles. It still has two giant blaster cannons for hands.

AMALGAMATION ROBOT

Just stay calm

Ben transforms into Humungousaur.

Kevin changes both of his hands into mallets.

Gwen is poised to strike with her energy blast.

GWEN

The robot imitates what it sees, and it saw the Vreedles destroy a ship!

Close on Kevin, determined.

KEVIN

Yeah. And it regenerates, too. How can we beat it?

Close on Humungousaur/Ben.

HUMUNGOUSAUR

The Vreedle Brothers said they were tracking the power source. If we destroy that, maybe we'll stop the robot!

Humungousaur runs toward the robot.

Humungousaur and Amalgamation Robot lock up again like Godzilla and MechaGodzilla.

HUMUNGOUSAUR

(effort react)

Amalgamation Robot has more strength than Humungousaur, and forces Humungousaur down. Amalgamation Robot presses and presses on Humungousaur.

Amalgamation Robot shoves Humungousaur down.

Humungousaur crashes into the parking lot, leaving a crater.

HUMUNGOUSAUR
(impact react)

Gwen blasts several energy discs at the Amalgamation Robot.

GWEN
(fighting effort react)

Humungousaur, back on his feet, charges at the distracted Amalgamation Robot, which is still being hit by the energy discs.

GWEN
Get him, Ben! Now's your chance!

Humungousaur leaps at the Amalgamation Robot, and spear tackles it to the ground.

HUMUNGOUSAUR
(effort react)

The spear tackles sends both Amalgamation Robot and Humungousaur to the ground hard.

Amalgamation Robot and Humungousaur roll through the parking lot following the inertia of the tackle.

The ground shakes some from the impact of the tackle, and two monsters rolling.

HUMUNGOUSAUR
(impact react)

Kevin watches as the two monsters stop rolling.

Humungousaur is on top of the Amalgamation Robot, holding down on the ground.

HUMUNGOUSAUR
Kevin!

Kevin races toward the Amalgamation Robot, still pinned down by Humungousaur.

KEVIN

Let's smash it up!

Kevin leaps up onto the Amalgamation Robot, and starts pounding away at it with his mallet hands.

KEVIN

(exert react)

Debris flies everywhere with each hit Kevin gives with his mallet hands.

Gwen joins the attack, blasting energy disc after energy disc at the Amalgamation Robot.

GWEN

Can you get the power source?

Close on Kevin, smashing away.

KEVIN

Not quite!

Humungousaur/Ben lets go of Amalgamation Robot, and stands over it.

Humungousaur drives a massive fist toward the Amalgamation Robot's chest.

Kevin jumps off the Amalgamation Robot, as Humungousaur punches at its chest.

KEVIN

Dude! A little warning!

HUMUNGOUSAUR

Sorry.

Humungousaur/Ben drives his fist into the Amalgamation Robot's chest.

HUMUNGOUSAUR

(effort react)

Humungousaur pulls out the glowing sphere/power source that was first seen when the robot was still just a cube in the middle of the street.

Humungousaur sets the glowing sphere down in the middle of the parking lot.

Gwen and Kevin slowly approach the sphere and Humungousaur.

GWEN

Hard to believe something so small
could cause so much trouble.

Close on Kevin, irritated.

KEVIN

C'mon, Ben. Destroy it already.

Humungousaur brings his foot up to stomp on the power source.

HUMUNGOUSAUR

Here goes nothing.

Just as Humungousaur is about to stomp on the glowing power source, a very bright blue-white light appears in the sky right in front of him.

In the midst of the light is the form of a humanoid woman.

The blue female form takes shape, and becomes the ETHEREAL BLUE WOMAN. She is dressed in a light blowing dress. She is all blue, and bright, and very ethereal.

ETHEREAL BLUE WOMAN (PANICKY)

No! Don't destroy that!

Humungousaur, brings his foot down to the ground, not stomping on the glowing power source.

HUMUNGOUSAUR

(confused react)

Humungousaur transforms back into Ben.

Kevin changes his hands back to hands.

Gwen and Kevin share confused glances as they walk up behind Ben.

KEVIN

Hey lady! This thing has been more
trouble that its worth! We gotta
destroy it!

Ben shoots Kevin a look that tells him to shut up.

Blue Ethereal Woman floats above the power source.

BLUE ETHEREAL WOMAN

Perhaps to a species of such primitive
and inferior mental capacity it caused
trouble.

Close on Ben, Gwen, and Kevin. Ben and Gwen listen attentively.
Kevin is angry.

KEVIN

(scoff react)

Close on the Blue Ethereal Woman, ignoring the reaction.

BLUE ETHEREAL WOMAN

This is actually my baby daughter's
favorite toy.

The Blue Ethereal Woman floats closer to the power source as she
speaks.

BLUE ETHEREAL WOMAN

We were showing her around the
Multiverse, and somewhere along the
way, she dropped it.

Blue Ethereal Woman picks up the power source.

BLUE ETHEREAL WOMAN

We've been looking everywhere for it!
Who would have thought it would end up
in this pathetic part of the
Multiverse.

Close on Ben, Gwen, and Kevin, all shocked.

KEVIN

A toy?! And what do you mean,
"primitive and inferior?"

Blue Ethereal Woman releases the glowing power source.

The glowing power source floats a few feet from the Blue
Ethereal Woman, and hovers over the debris from the smashing the
robot took earlier.

The glowing power source shines brighter, and the debris spins, stirs, and flies toward the power source.

The kids look on, amazed and confused.

The debris reforms the cube that started it all at the beginning of the episode.

BLUE ETHEREAL WOMAN

You should be more careful. This toy clearly says it is not to be played with by children under three million years of age.

The Blue Ethereal Woman picks up the Cube, and cradles it in her arms.

The bright light that opened in the air when she arrived a moment ago shines again.

The Blue Ethereal Woman fades into the bright light/portal to her home dimension.

Ben, Gwen, and Kevin watch the light fade in shock.

GWEN

I can't believe it was a toy!

Kevin looks around at the debris from the fighting, including:

The crater in the parking lot

The smoldering remains of Mr. Smoothies

A few chunks of metal strewn about in the Parking lot.

KEVIN

I know. I'd never let my kid play with something like that.

Kevin and Gwen walk together, away from the debris.

GWEN

(laugh react) The woman said it wasn't supposed to be played with by children under three million years old.

Kevin and Gwen share a slightly tender look.

Ben's voice, sounding a little metallic, sort of like the Robot-Ben's voice, but slightly different, interrupts the moment.

BEN (OFF SCREEN, SOUNDING
METALLIC)
Just stay calm.

Kevin switches his hands back to mallets.

KEVIN
Not again!

Gwen charges up her hands with energy.

Kevin and Gwen spin around to see Ben standing behind them.

Ben holds a tin can. He speaks into it.

BEN (INTO THE CAN)
Just stay calm.

Ben tosses the tin can aside.

BEN
Gotcha!

OFF BEN'S IMPISH EXPRESSION...

FADE OUT.

END OF EPISODE.
